

HERBIVORES EAT PLANTS

Draw and write the name of an herbivore that you saw at the Aquarium.

Draw what its teeth or mouth would look like (would they be pointy, flat, or both?)

Draw a picture of two foods an herbivore might eat

The Aquarium Discovery Book

Naturalist: _____

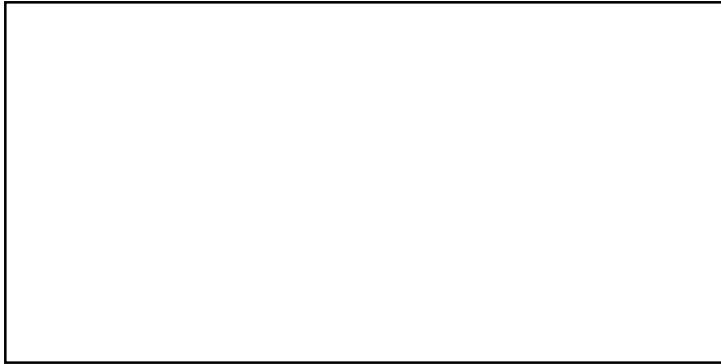

Date: _____

Audubon Aquarium
of the Americas

OMNIVORES EAT BOTH PLANTS AND ANIMALS

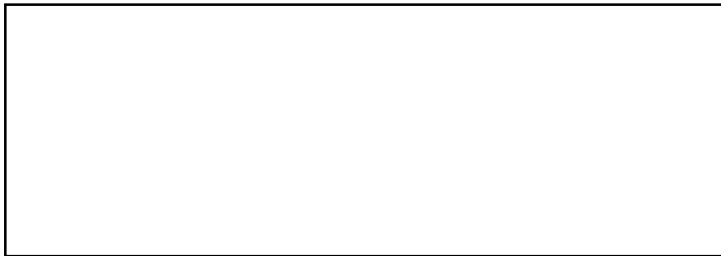

Draw and write the name of an omnivore that you saw at the Aquarium.

Draw what its teeth or mouth would look like (would they be pointy, flat, or both?)

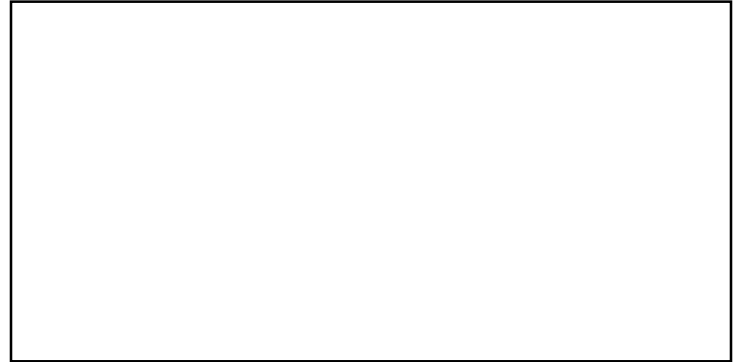

Draw a picture of two foods an omnivore might eat

CARNIVORES EAT OTHER ANIMALS

Draw and write the name of a carnivore that you saw at the Aquarium.

Draw what its teeth or mouth would look like (would they be pointy, flat, or both?)

Draw a picture of two foods a carnivore might eat
